invisalign® STORAGE CONTAINER

Sturdy, durable, “food-grade” Invisalign Storage Container!
Made in the USA from 100% Recycled Plastic.

With the investment your patients make for your Invisalign® services, they deserve a “high quality” durable container to store their Invisalign® aligners. Our containers are “food-grade” plastic with sturdy screw-on lids for a tight seal.

Our Invisalign® Containers are made from 100% Recycled Plastic, reducing your carbon footprint and promoting your eco-friendly business example. They are also made in the USA, enabling shipping efficiency throughout our supply chain, using less fuel and further benefitting the environment.

Available in 3 Attractive Colors:
Aqua Blue | Apple Green | Pumpkin Orange

Order Quantity	Price (each)
240 (minimum)	\$4.25
